**Daniel A. Fri**

**Director of Logistics and Sustainment  
F-35 Lightning II Joint Program Office**

Mr. Daniel A. Fri, a member of the Senior Executive Service, is the F-35 Director for Logistics and Sustainment/Product Support Manager, Washington, D.C. He is responsible for all aspects of logistics and sustainment of F-35 aircraft in support of US Navy, Air Force and Marine Corps, eight International Partners and a growing number of foreign military sales participants of the program throughout its life cycle. Mr. Fri is responsible for designing, planning and executing a single logistics support system, which maximizes affordability and readiness for all customers as well as for the planning, programming, budgeting and execution of over \$3B annually across three US Services' procurement and O&M accounts as well as the integration of International Partner investment (procurement) and sustainment (O&M) budgets.

Mr. Fri began his Federal service with the U.S. Air Force in 1979 as a Munitions Maintenance Technician and served 22 years on active duty in a variety of munitions, logistics, product support, and supply chain management positions at ten different locations worldwide. He retired from active duty in 2001 and entered civil service at Hill Air Force Base, Utah. He has since held a number of civilian logistics and supply chain management positions at Headquarters Air Force, Air Force Materiel Command, and U.S. Transportation Command.

Mr. Fri entered the Senior Executive Service in March 2013 as Deputy Director of Logistics, Headquarters Air Mobility Command, Scott Air Force Base, Ill. Mr. Fri led a 350 person staff, managed a \$3.5B annual Mobility Aircraft Weapons System Sustainment budget, and provided direct logistics support for over 1,120 cargo, tanker, special mission aircraft; engines, vehicles, support equipment, and supplies for global operations. He directed, sourced, and managed over 34,000 skilled supply, transportation, maintenance, and planning logisticians.

Mr. Fri next served as Deputy Assistant Secretary of the Air Force for Logistics and Product Support, Office of the Assistant Secretary of the Air Force for Acquisition, Headquarters U.S. Air Force, Washington, D.C. He was responsible for enterprise oversight of product support, supply chain management, and materiel maintenance for Air Force weapon systems. He ensured statutory compliance with US Codes for Core logistics capabilities, limitations on depot maintenance (50/50), and depot 6% minimum capital investment. He was also the functional advocate for Air Force Product Support Managers.

Mr. Fri earned a bachelor's degree in logistics management from Park University, a master's degree in information management from Syracuse University, and a master's degree in national resource strategy from the National Defense University's Industrial College of the Armed Forces. He is also a graduate of the Defense Senior Leader Development Program and is Life Cycle Logistics Level III certified. He was awarded the Air Force Meritorious Civilian Service Award, Exemplary Civilian Service Award, Air Force Meritorious Service Medal (5 awards), and Air Force Commendation Medal (4 awards).
